

ACES Young Professionals Connection (YPC) is the youth wing of the Association of Consulting Engineers Singapore or ACES.

Our vision for the YPC is to provide a platform through which Young Professionals make a positive difference and sustainable excellence.

Our objectives are:

1. To create awareness of and encourage graduates to take up the consulting engineering profession.
2. To promote advancement of young professionals in the consulting engineering industry.
3. To address the relevant issues that affect young professionals in the consulting engineering industry.
4. To act as a bridge between young professionals and established engineers.
5. To provide a link between young professionals of different organizations.

## Activities

Many fun and exciting activities are planned to achieve our objectives. These include:

- Nov 08** Visit to bored tunnel
- Apr 09** YPC dinner
- Jun 09** Dialogue with industry leaders
- Sep 09** Overseas learning trips
- Jan 10** FIDIC YPMTP

Also in the pipeline are site visits to iconic projects and social activities at venues such as St James Powerstation.

## Membership

Any person having such qualifications as are necessary to be registered with the Professional Engineers Board of Singapore, below 40 years of age and belong to member firms of ACES.

## Benefits

Being a member of the ACES YPC brings about a host of benefits, ranging from having priority for activities, chances for networking, access to industry information, discounts for activities and many others.

Members also enjoy special rates for overseas learning trips and have a chance for sponsorship to the annual FIDIC Young Professionals Management Training Programme (YPMTP).
