	YP Chee	ypca@pacific.net.sg	93834117
	Dr. Chandra Sekhar	bdgscs@nus.edu.sg	97836694

This year we have a very good mix of Professionals on our Board of Governors to serve the ASC and we appreciate their dedication and commitment to the ASC.

The theme for the year for ASHRAE and the Singapore chapter, in the words of our Society President Gordon Holness is "*Sustaining Our Future by Rebuilding Our Past* through a focus on energy efficiency in existing buildings". We will strive to deliver and support this message for the sustainability of the environment for a better tomorrow, for future generations.

This year will be a special year for us with the signing of MOU between our Society and BCA Singapore. As a Member, you can expect a number of events to be organized along with BCA, for the benefit of the Members as well as the industry.

ASC needs young members to take up active role in chapter activities for mutual benefit. The Chairmen of the CTTTC, Membership, Students activities, Publicity and Research promotion will be

Eager to get young/experienced members to serve on their committees. Please feel free to call any of our BOG members to join any of the the committee and we will be very glad to assist you.

This year we are lining up many exciting events like Distinguished Lecturer talks from great professionals all over the world, Technical tours, Annual Installation Dinner & Dance, Membership nights, Family get together, etc.

Members are requested to look out for the events through the web site <http://www.ashrae.org.sg/>. We will also keep the members updated through regular emails.

I strongly urge all our members to participate in chapter events and join various committees to enhance their professional and organizational capabilities.

Looking forward to seeing all of you in future events.

Yours Sincerely,

Gadam Sivakumar
President 2009-10
