	George Sze	szefamil@singnet.com.sg	67469532
	G.S. Tan	gstan@tempcool.com.sg	96353460

This year, we have a very good mix of Professionals on our Board to serve the ASC and we appreciate their dedication and commitment towards ASC.

A significant event that will be held in Singapore this year is the Chapter Regional Conference (CRC), which will be held during 27-29 August 2010. A half-day Technical Seminar will be held on the 28th August 2010 that includes talks by the following eminent speakers:

Dr Drury B.Crawley

Prof. Lee Siew Eang

Mr. Vinod Kesava

More details of the CRC will soon be made available on the ASC website.

Another major event that will be held in Region XIII is the ASHRAE IAQ2010 International Conference titled “*Airborne Infection Control – Ventilation, IAQ & Energy*” and this will be held during 10-12 November 2010 in Kuala Lumpur. The ASHRAE Steering Committee is working closely with the ASHRAE Malaysia Chapter (Host Organizing Committee) to make this event a grand success. This will be the first time since its inception almost 25 years ago that the ASHRAE IAQ conference will be held outside the USA and as Chair of the ASHRAE Steering Committee of IAQ2010, it is my privilege and great pleasure to welcome you to participate in this significant international event in November this year. More details can be found at www.ashrae.org/iaq2010.

The year ahead promises to be exciting with several other events like the Distinguished Lecturer talks from internationally renowned professionals from all over the world, Technical tours, Annual Installation Dinner & Dance, Membership nights, Family get together, etc.

The signing of MOU between ASHRAE and BCA Singapore in 2009 has paved the way for several synergistic activities that serve to enhance the professionalism in the Building and HVAC domains in Singapore. We will continue to foster greater partnerships between ASHRAE and BCA Singapore this year. As a Member, you can expect a number of events jointly organized by ASC and BCA, for the benefit of the Members as well as the industry.

ASC needs young members to take up active role in chapter activities for mutual benefit. The Chairmen of the CTTTC, Membership, Students activities, Publicity and Research promotion will be eager to get young/experienced members to serve on their committees. Please feel free to call any of our BOG members to join any of the committee and we will be very glad to assist you.

Members are requested to look out for the events through the web site <http://www.ashrae.org.sg/>.

We will also keep the members updated through regular emails.

I strongly urge all our members to participate in chapter events and join various committees to enhance their professional and organizational capabilities.

Looking forward to seeing all of you in future events.

Yours Sincerely,

Dr Chandra Sekhar

President 2010-11

ASHRAE Singapore Chapter
